

insights that the community has gained in the recent years with regards to the impacts of aerosols on human health and climate change, including the following broad areas:

1. Indoor air quality and related human health risk assessment
2. Bio Aerosols and their Impact on Human Health
3. Clean energy and sustainability Development
4. Application of geospatial Techniques in air quality and climate change
5. Extreme Events (Dust Storms, Cloud Burst, Rainfall, earthquakes)
6. Aerosol Monitoring and Characterization
7. Aerosol Instrumentation
8. Micro and Nano plastics as an emerging challenge to the global environment, ecosystem, and human health
9. Aerosol/Air Quality Modelling and its Impact on Human Health
10. aerosol–cloud–radiation interactions
11. Source apportionment, emission inventories, and mitigation (Special focus on NACP)
12. Nuclear and Radioactive aerosols

Call for Papers

Registered participants are requested to submit extended abstract (template in Word) to iastaaries.doon@gmail.com by Sep 1, 2024. Participants are requested to write "Abstract for IASTA 2024, «Participant ID»" (the Participant ID will be assigned during registration) in the subject line while sending the extended abstracts by email. It is proposed to bring out proceedings of the Conference. Acceptance notification will be communicated to authors by Oct 1, 2024, with a request to submit the soft copy of final abstract in camera-ready form by Oct 31, 2024. IASTA-2024 will endeavor to give preference to papers which deal with new advancements, applications, and developments in the aforesaid areas. All papers submitted for presentation in the Conference must be original and should not have been presented elsewhere. All papers will be subjected to review and decisions will be conveyed to the authors accordingly

Important Dates

Abstract Submission deadline: September 1, 2024  
Abstract acceptance notification: October 1, 2024  
Registration deadline: November 15, 2024  
Conference Date: December 17-20, 2024

Registration Fee

Category	Early bird (up to 15 November 2024)	After 15 November 2024
Indian delegates (IASTA members)	Rs 4000	Rs. 5000
Indian delegates (non-IASTA members)	Rs. 5000	Rs. 6000
Students/post-Docs	Rs. 3000	Rs. 4000
Foreign delegates	USD 200	USD 250
Industry delegates (Indian)	Rs. 9000	Rs. 10000
Industry delegates (Foreign)	USD 200	USD 250

\*Taxes as applicable

The registration fee includes:

- Full participation in IASTA 2024 session (17-20 December 2024)
- Conference materials
- Tea/Coffee breaks
- Lunch (on conference days with evening sessions)
- Conference Dinner
- Two parallel session of workshop for Research Scholar

Registration Form

Technical Exhibition

With a view to highlight the advancements made in the area of aerosol science and technology, it is planned to organize a technical exhibition along with the Conference. Equipment manufacturers, service providers, and related agencies are invited to participate in the technical exhibition to highlight their products and services. Exhibition space of about 2.5 m x 2.5 m will be provided to each exhibitor. Those interested may please contact Convener, IASTA-2024

Accommodation

Accommodation will be available in select hotels at the concessional rates (details of which will be provided later) for IASTA delegates. Limited hostel accommodation only for students will be available on first cum first serve basis. The delegates will be required to pay for their accommodation.

Travel Information

Dehradun is well connected to the rest of the country through rail/air/road route. The Jolly Grant airport (Dehradun Airport) is well connected with Delhi, Mumbai, Jaipur, Hyderabad, Benguluru airport. The Distance of Jolly Grant airport to city is 25 KM. The Distance of Dehradun railway station is -8 km, is well connected with rest of the India. The Distance of Dehradun ISBT Bus Station is 7 km from venue. The Dehradun ISBT is well connected with ISBT (Kashmiri Gate) Delhi and having frequent (hourly) Volvo bus service (Uttarakhand Govt Public transport) which covers 220 KM distance within 4.30 hours.

Conference of Indian Aerosol Science and  
Technology Association on  
*Aerosol Impacts to Air Quality, Human Health &  
Climate Change*  
December 17-20, 2024

VENUE  
School of Environment & Natural Resources,  
Doon University, Dehradun, Uttarakhand, India  
The Venue of the Conference  
Dr Nityanand Auditorium, Doon University,  
Dehradun, Uttarakhand, India

**The ARIES** (Aryabhata Research Institute of Observational Sciences) is an autonomous institute functioning under the Department of Science & Technology (DST), Government of India. It is located at Manora Peak (Alt-2km) in the Nainital District of Uttarakhand. ARIES (<http://www.aries.res.in>) is a premier Atmospheric Sciences, Astronomy & Astrophysics, and Solar Physics research institute. The main research interests of Astronomy & Astrophysics are star cluster and star formation and galactic and extra-galactic astronomy. The research in atmospheric sciences focuses on atmospheric aerosol and trace gas measurements and their impact on climate change. Manora Peak is recognized as one of the unique sites for climate change studies in the central Himalayan region.

The **Doon University**, located in the lush green foothills of Shivalik, is dedicated to promoting excellence in teaching and research while offering a full range of multi-disciplinary academic programs at the undergraduate, postgraduate, and doctoral levels. It is a unitary and residential university located on the outskirts of the city and has a beautiful campus with state-of-art infrastructure, stunning architecture, and a soothing environment. Aiming at creating an autonomous and accountable institution of higher learning, the university was established by the Government of Uttarakhand by the Doon University Act, 2005 (Uttaranchal Adhiniyum Sankhaya 18 of 2005) and recognized under 12 (B) of the UGC Act. School of Environment & Natural Resources (SENR) is a flagship school of Doon University having high scientific output and accorded FIST grant (DST GoI) at departmental level.

Dr Vijay Shridhar, (Co-Convenor, IASTA 2024), Doon University, Dehradun 248012 9760118019

Patron

Prof. Surekha Dangwal (Vice Chancellor, Doon University)

Prof. Dipankar Banerjee (Director ARIES)

Dr. A. K. Mohanty, Chairman, AEC & Secretary, DAE

Prof. Pratim Biswas, University of Miami

Dr. U.C. Mishra, Ex-Director, HS&EG, BARC

National Organizing Committee

Prof. Diwan S. Rawat (Vice Chancellor, Kumaun University)

Prof. S. N. Tripathi, IIT Kanpur (President IASTA)

Prof. Ram Sagar, Ex-Director, ARIES, Nainital

Prof V K Jain (Former VC Doon University & Tejpur University)

Dr. Umesh Chandra Dumka, ARIES, Nainital (Convener IASTA 2024)

Dr. Vijay Sridhar, SENA, Doon University (Co-Convener IASTA 2024)

Dr. Y.S. Mayys, UT Bombay

Dr. P. C. Devers, Amity University, Haryana

Prof Abhay Karandikar, Secretary, DST

Dr. D. K. Aswal, Director, HS&EG, BARC

Dr. M. Ravichandran, Secretary, MoES

Dr. A. P. Dimri, IIGM Director

Dr. K. Krishna Moorthy, Former Director SPL, VSSC

Dr. S. D. Attri ( Member CAQM in NCR )

Dr. Durgesh Pant ( DG UCOST)

Dr. Suresh Tiwari (Retd Scientist IITM Pune)

Dr. J. C. Kuniyal ( Scientist GBPNIHESD)

Dr Prakash Chauhan, Director, NRSC, Hyderabad

Dr. Bhola Ram, Gurjar, IIT Roorkee

Dr. R. P. Singh, Director IIRS

Technical Program Committee

Dr. Umesh Chandra Dumka, ARIES, Nainital (Convener IASTA 2024)

Dr. Vijay Sridhar, SENR, Doon University (Co-Convener IASTA 2024)

Prof. S. N. Tripathi, IIT Kanpur (President IASTA)

Prof. Neeraj Rastogi, PRL (Vice-President IASTA)

Dr. Manish Joshi, BARC Mumbai (Secretary, IASTA)

Sh. Arshad Khan, BARC Mumbai (Treasurer)

Dr. G. Pandithurai, IITM Pune (Members, IASTA)

Dr. M. V. Ratnam, NARL Gandaki (Member, IASTA)

Dr. Sagnik Dey, IIT Delhi (Member, IASTA)

Dr. Abhijit Chatterjee, Bose Institute (Member, IASTA)

Mr. Manish Naja (ARIES)

Dr. V. K. Soni, IMD, Delhi

Dr. V Vinoj, IIT Bhubaneswar

Dr. Sayantan Sarkar, IIT Mandi

Dr. Alok S Gautam, HNBGU Srinagar

Dr. Ashwani Kumar, NIO, GOA

Dr. Sanjeev Kimothi, Graphic Era, Hill University

Dr. Yogesh Kant, IIRS, Dehradun

Dr. Shweta Yadav, Central University Jammu

Dr. Manoj K Srivastava, BHU

Dr. Atul K Srivastava, IITM Delhi Branch

Dr. S. N. Singh, NPL Delhi

Dr. Ujjwal Kumar, SENR, Doon University

Mr. Manish Sharma (Himgiri Zee University)

Dr. Kirpa Ram, BHU India

Local Organizing Committee

Dr. Umesh Chandra Dumka, ARIES, Nainital (Convener IASTA 2024)

Dr. Manish Naja, ARIES, Nainital

Dr. Narendra Singh, ARIES, Nainital

Dr. Ashish Kumar, ARIES, Nainital

Mr. Chandra Prakash, ARIES, Nainital

Mr. Samresh Bhattacharjee, ARIES, Nainital

Mr. Javed Alam, ARIES, Nainital

Dr. Vijay Sridhar, SENR, Doon University (Co-Convener IASTA 2024)

Prof. Kusum Arunachalam, SENR, Doon University

Prof. Surendra Singh, SENR, Doon University

Dr. Ujjwal Kumar, SENR, Doon University

Dr. Archana Sharma, SENR, Doon University

Dr. Achilesh Daverey, SENR, Doon University

About IASTA

The Indian Aerosol Science and Technology Association (IASTA) is a professional organization for scientists and engineers endeavoring to advance aerosol research in the Indian context. IASTA addresses various interests spanning Environmental Sciences, Occupational Safety and Public Health, Industrial and Medical Applications, and Nuclear Safety and includes the disciplines relevant to the Indian context like Pollution, Indoor Air Quality, and Filtration etc. IASTA is a member of the International Aerosol Research Assembly (IARA) and Asian Aerosol Research Association (AARA). Since its inception in 1988, IASTA has been working towards the growth of aerosol science and technology disciplines and their applications in the country by way of organizing conference, workshops and by bringing out biennial bulletins and other publications. It has maintained an active liaison between institutions in India and abroad. IASTA brackets a valuable spread of expertise with it's over 600 members encompassing scientific, medical, industrial, and academic domains.

Welcome to the IASTA 2024

IASTA Conferences are organized by the Indian Aerosol Science and Technology Association (IASTA). IASTA conference 2024 will take place in Doon University, Dehradun, Uttarakhand, India between December 17-20, 2024. The aim of IASTA 2024 is to provide a platform to aerosol researchers, technocrats, policymakers, and students for presenting their ideas, research work and views. It will give an opportunity to participants to interact, collaborate and contribute towards the growth of aerosol science and engineering in India. The conference will also offer a chance to industries to showcase their technologies, products, and innovations as well as for participants to gain from this exchange. We look forward to welcoming you all to Doon University, Dehradun, Uttarakhand.

The conference will offer three days of plenary lectures, contributed papers in the form of platform and poster presentations and exhibition of different products and systems related to aerosol science and technology and allied areas.

Scope of the conference

The conference will focus on the latest developments in aerosol science as well as the
